# DALLAS

DALLAS PP  
38 39 40 41 42

This young guy has style!! Top placed Aussie at Pipe 1st year, more media coverage than Paris and the drive to carve a place at the top of the food chain. **Dallas Singer** brings out a signature board that is just begging for action. Huge airs, vertical drops, big pits... the board can do it, can you?

X Core  
FTC Stringer  
Channels  
50/50 rails  
X-seal  
Cell-u-deck  
Surlyn  
2 Piece Tail

Tiger prawn, Royal, Blood Mirror

## 4PLAY SIGNATURE MODELS

EXCESSIVE!! The best riders, the best materials and the best templates. That's what we wanted for this season and that's what we are giving you. Kingy's iMESH/ Concave/ DOW masterpiece, Lester's FTC stringer/X-Core superman board and Dallas's tasty new Tigerprawn invert machine. These boards are all about excess. Everything you need and more, much more.

4PLAY TEAM Signature Rider  
**2X WORLD**  
 DAMIAN KING CHAMPION

# IMESH

iMESH offers improved dynamic flex, better recoil and projection allowing you to go bigger, harder and deeper.

**king**

2X World Champion **Damian King** joins 4PLAY this season and spent time with us developing 3 killer new models, PP, DOW and DOW JR. With iMESH, Concaves, FTC Stringers and more. Kingy and the 4PLAY team spent months developing these new templates and fully tested them in last years Hawaii season and maxing pipe contest, these boards are hot! Just ask Kingy, he'll tell you!

**KING PP**  
 38 39 40 41 42

 36 38

- Dow
- Stringer
- Channels
- 50/50 rails
- X-seal
- Cell-u-deck
- Surlyn
- 2 Piece Tail

Magpie, Vegemite, Turbo

**Lester**

The free surfing master **Andrew Lester**, joins 4PLAY with 2 completely remastered models in X-Core and DOW. With a wealth of knowledge from being one of the sports top riders for many years, when he said he knew what he wanted in a board we took notice. Glad we did cause the boards are sick! With his trademark huge backflips, deep deep barrels and all with the typical relaxed lester style. The guy rips! This board is for those who like to go big.

**LESTER PP**  
 38 39 40 41 42

## TECHNICALS learn more at [www.4play.com.au](http://www.4play.com.au)

**IMESH** = Inner Mesh offers improved dynamic flex through tighter integration for a new level of riding.

**FTC STRINGERS** = Finger Tip Control. Gives the rider better continuous flex at the nose and fantastic projection.

**STRINGER** = Graphite. Gives strength, rigidity and memory for performance boards.

**DOW** = Preferred by many of the top professionals. This PE CORE has Excellent response and memory.

**X-CORE** = 4PLAY's choice of extruded PP CORE The perfect blend of response and memory.

**SURLYN** = Our A grade tension laminated Surlyn skin offers the best performance available.

**HDPE** = High Density PE Slick. Durable, fast and has exceptional performance

**X-SEAL** = Used on inner rail and in nose and tail bumpers. Is tough and has a 95% water resistance.

**FC PADS** = Finger Control Pads allow you to boost, spin and carve with more power.

**CHANNELS** = 4PLAY Specific design that maximises hold power without creating drag.

**CONCAVE** = All new levels of wave holding abilities, you like it deep and hollow dont you.

**CELL-U-DECK** = Superior comfort and durability. Used in deck rail and tails.
